FOREWORD

*Life is
a great
discovery*

"Life is one great discovery, isn't it?
You only get your knowledge bit by bit."
The knowledge we have uncovered
Through our high school years
Has been accumulated bit by bit.
The discoveries of life, facts and friends
Will guide us through our tomorrows
And, later, fill our years
With wonderful reflections.

Laurens Vlasveld
AFS student from Haarlem, Netherlands

From all my Dutch heart I want to thank the American AFS fans that enabled me to spend a lovely time amidst wonderful people. You sure did your best to make it a fantastic experience. You made me enjoy your hospitality and you treated me like a friend. In this I appreciate not only all Peterians but the whole American people. You have been the best representatives of your country. If I have been such in regard to my country, AFS has succeeded again.

God bless you all--Laurens

CURRICULUM

A discovery of knowledge

THE SCIENCES

The science and math departments at St. Peter High School are very complete and satisfying for the eager, anticipating, inquisitive student. Science has been called nothing more than common sense and organized knowledge. As we look back at our days in the laboratory, we may wish that we had used some of our sense and knowledge.

THE ARTS

The cultural arts are important to the development of an individual's expression and ideas. The hours of memorizing lines and long practices, the terrifying dress rehearsal, and finally the play seeming like a Broadway production, the days and weeks of striving for perfect pitch and harmony, and finally a successful concert, the long hours of painting and scraping, and finally a masterpiece are invaluable forms of expression. The speech, music, and art departments help develop creative individuals who are willing to give of themselves.

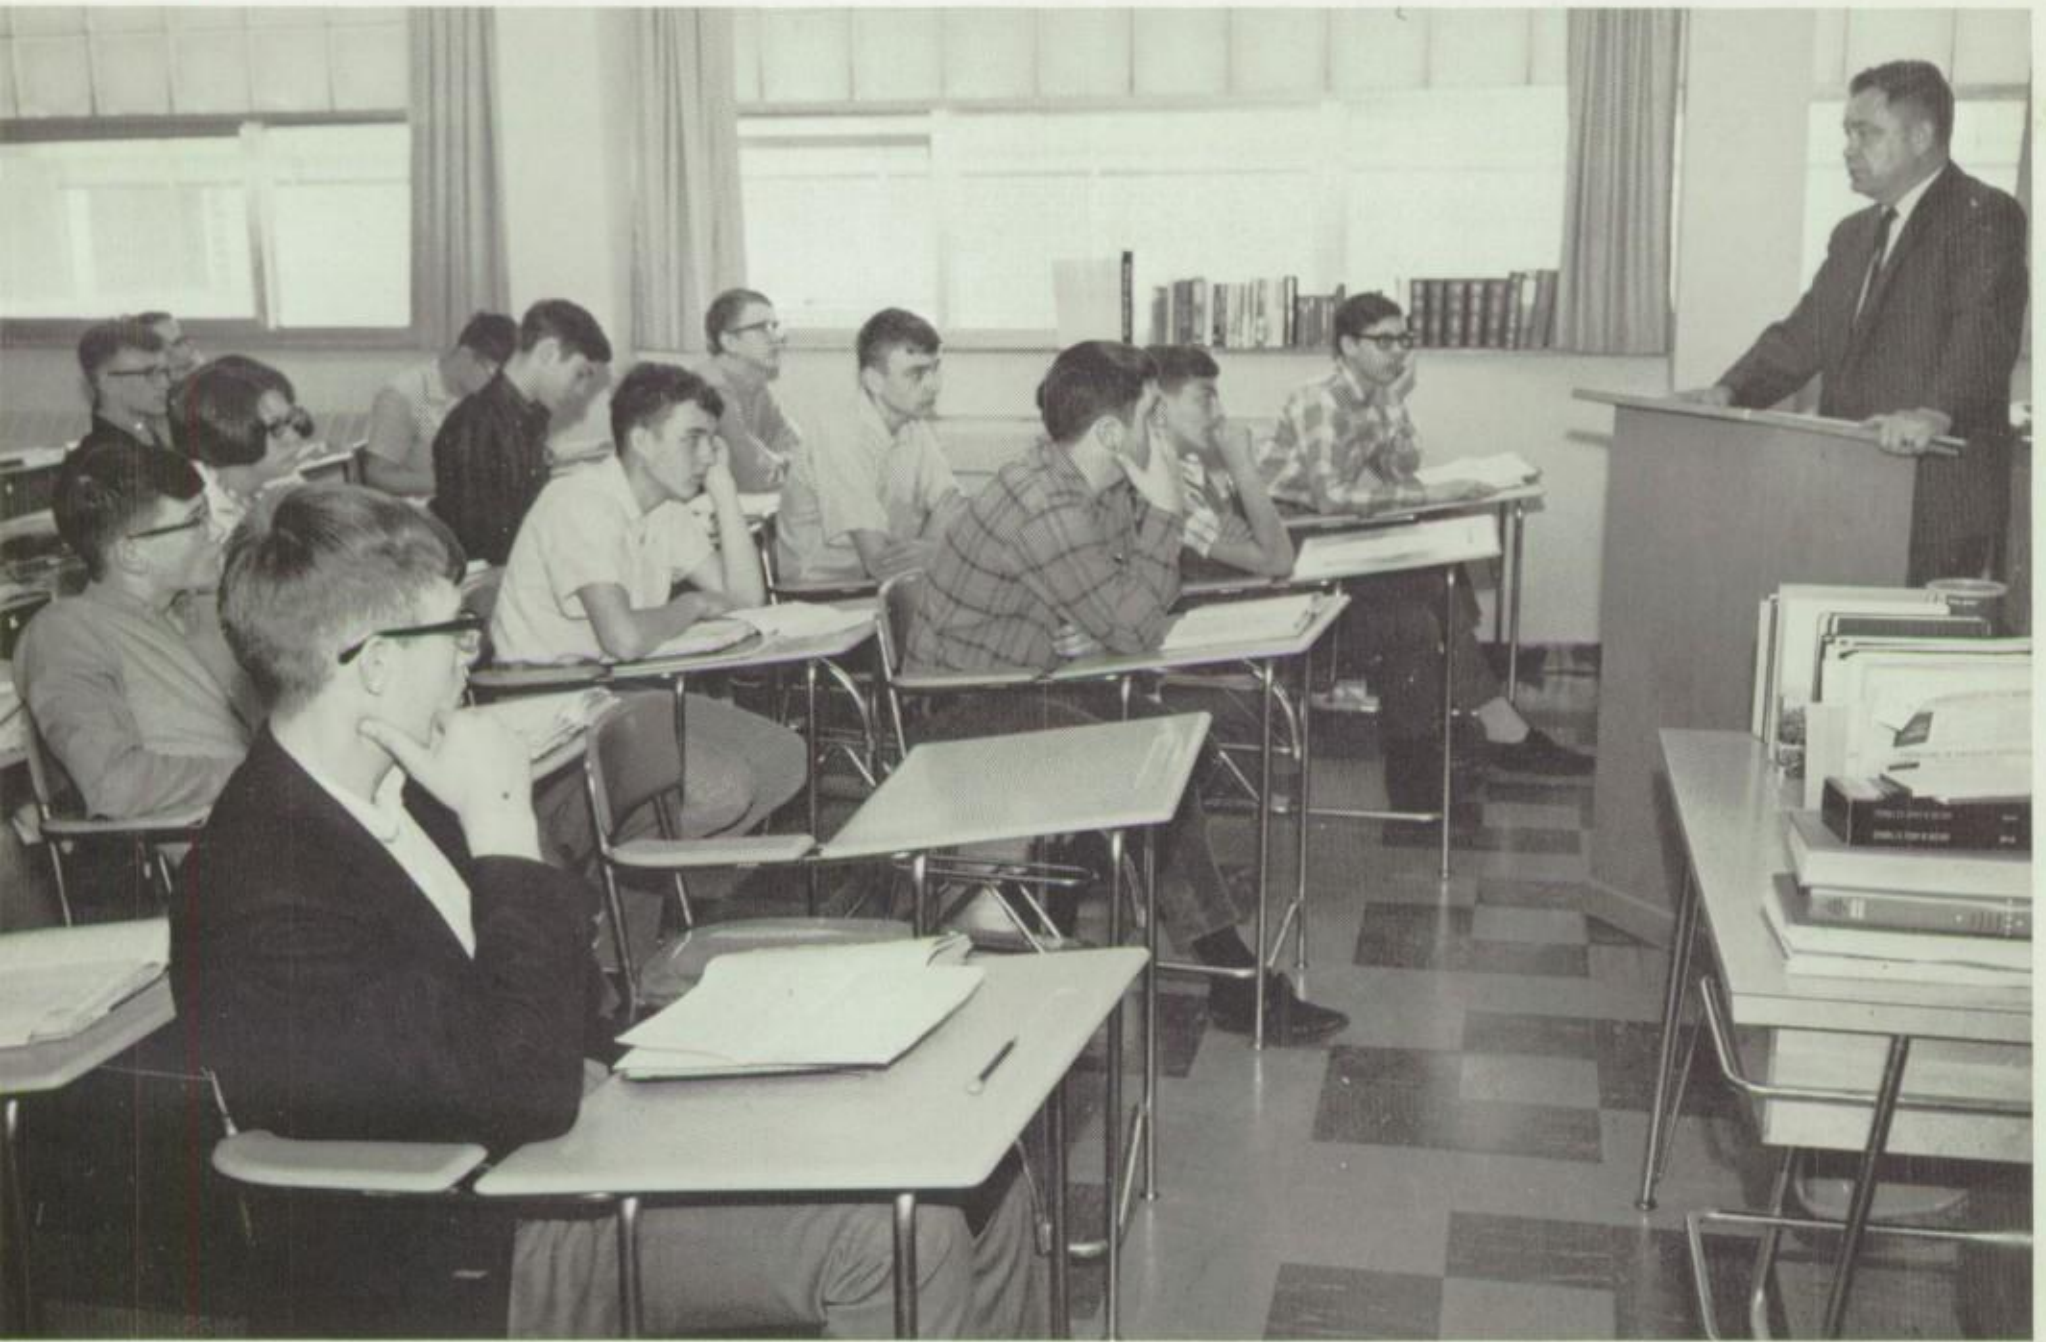

THE HUMANITIES

The study of the humanities is the reception of other men's thoughts and ideas. The humanities are the instrumental factors in conveying man's sense of the beautiful to another man. Our creativity expresses what we wish to communicate. We, as students are first exposed to the study of mankind in the English classes, then we proceed to study the communications of men in different cultures. We learn, hoping to understand mankind and the world better when we have completed our courses.

VOCATIONAL

From the fine art of cooking to the fine art of metal machine lath work, our schools Vocational program has been going on to teach our young men and women for tomorrows jobs.

Many new instruments to be used by these people have been added to our school. Dictaphones, metal laths, a reading laboratory, and many others are now being used by these students. As one teacher said it, "We have one of the best Vocational Departments in the area."

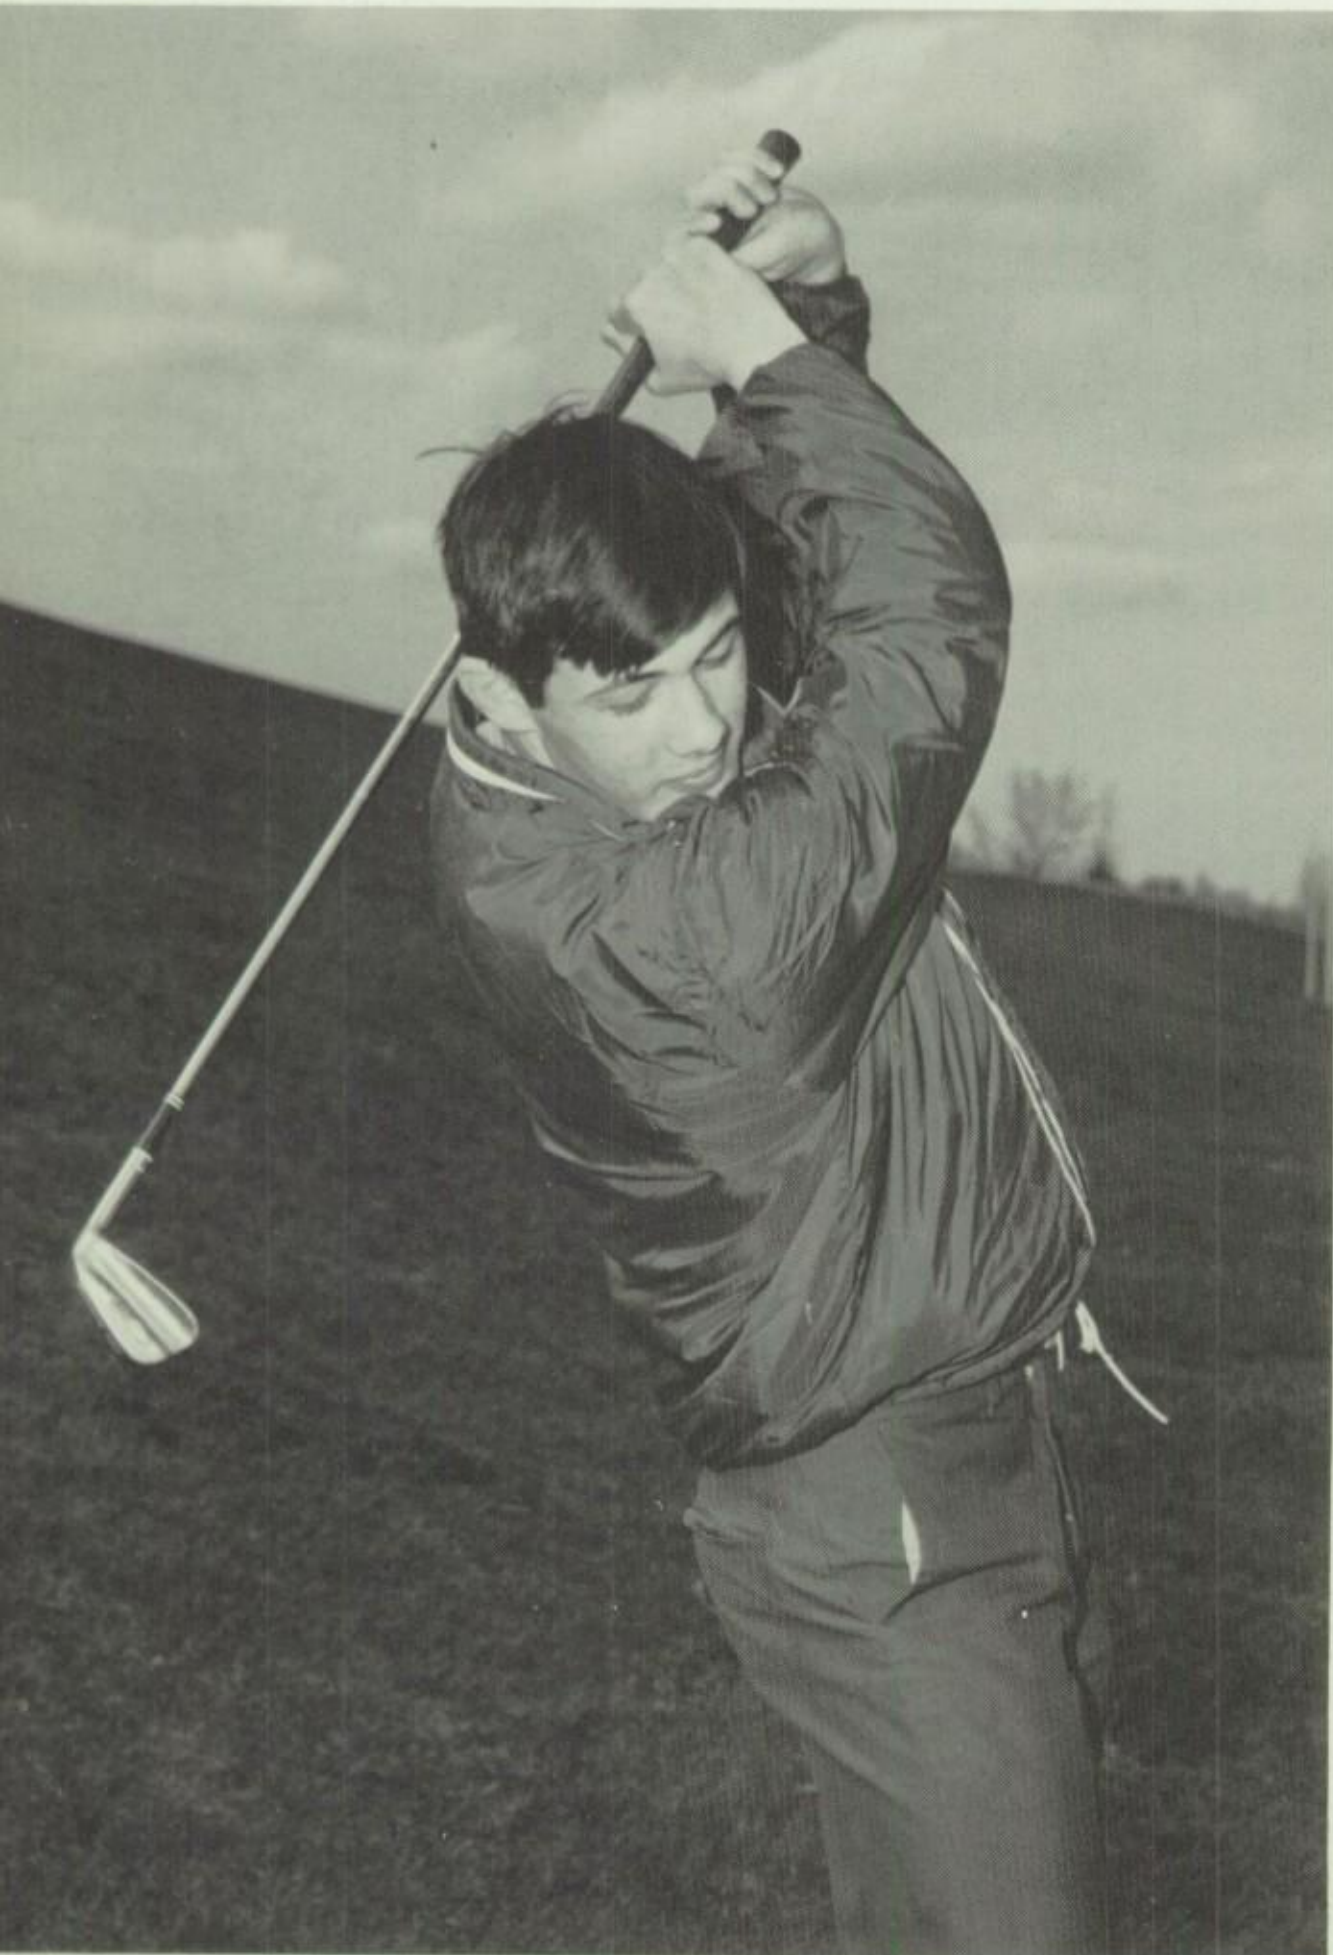

These are tomorrows skilled hands.

FOOTBALL

COACHES: Mr. Johnson, Mr. Nesheim

Through the combined efforts of the coaches, Mr. Johnson, Mr. Nesheim, Mr. Braunger, and Mr. Booren, the "Saints" compiled a season record of 5 wins and 4 losses. Thanks to the sled, the boards, the "okie tackling", and, of course, the "Burma Road" our team proved to be in better condition than our opponents. This was especially true of our first two games, when we defeated Burnsville 20-6 and LeSueur 24-7. With Mr. Johnson's familiar comment, "All right fellows, I know we can do it. Go get 'em!" ringing in their ears, our team went out on the field and did the job. Thanks for a great season. We will remember every minute of it.

FIRST ROW: J. Thompson, T. Langsjoen, W. Lynn, M. Mayo, L. Swenson, W. Maas, R. Gustafson, G. Johnson, T. Witty, W. Brekke, D. Archer. SECOND ROW: T. Langsjoen, S. Pierson, M. Bloom, P. Davis, R. BASEBALL

The 1967 version of the St. Peter High School baseball team, under the direction of head coach Don Nesheim and assistant Denny Booren, had seven returning lettermen. This year's team got off to a fast start by winning four of its first five ball games, then went into a mid-season "slump" to finish in the middle of the South Central Conference. St. Peter started district playoffs by edging Jordan 1-0 on a no-hitter by Jerry Keogh. Keogh was the mainstay of the pitching staff with a 5-3 record in regular season play. The top hitters on the team were Jerry Pehrson, senior shortstop; Tom Burg, junior outfielder; Leighton Swenson, junior second baseman; and Steve Neils, sophomore third baseman. Prospects for the 1968 season look bright as only three of the starting nine are graduating seniors. The Saints will have to fill the positions vacated by Keogh, Pehrson, and John McClellan, fine fielding first baseman.

BASKETBALL

COACHES: A. Burmeister, Mr. Waltman

The Saint Peter Saint's Basketball team had an unusual season. They started out the season with 7 straight wins. We then took our Holiday Tournament trip to the Iron Range country of Minnesota where our Saints' defeated Chisholm but lost to Nashwauk-Keewatin. Mr. Arlan Burmeister and Mr. Reuben Waltman worked these boys into a team. They finished the season with a 12-7 record being defeated in the District Tournament by Lakeville. The boys have many good memories of their playing days at Saint Peter High School.

TRACK

Cool weather, sweat suits, and an energetic group of participants put together a fine track season. Despite recurring problems against St. James, the team, with the patient understanding of coach Braunger, overwhelmingly defeated Le Sueur, New Ulm, and Montgomery in three consecutive meets. With just seven seniors on the squad, it left many openings for underclassmen. With their experience behind them, four of the seniors are leaving six school records. This challenge should be a great incentive for next years track team.

WRESTLING

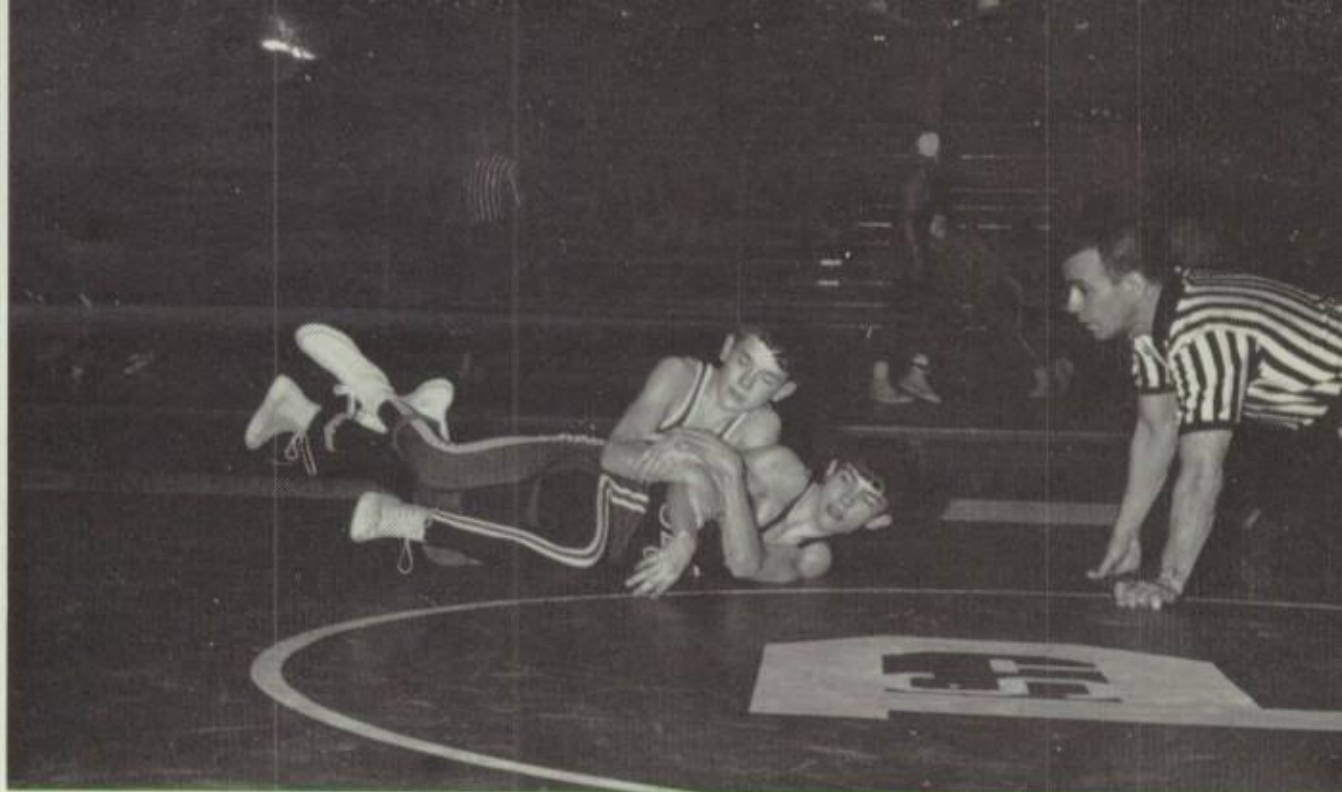

The coaches and wrestlers are quite proud of this year's record. They established three firsts for St. Peter wrestling by capturing the Le Sueur Invitational title by a high margin, defeating St. James on its home mat, and winning over a Lake Conference team, Richfield, despite injuries in the regular line-up. The coaches feel that winning spirit was at its peak which accounted for the wrestlers remarkable performances. Not to be outdone by the others, the "B" squad came through with their own first by a surprising win over the strong wrestlers of St. James. While not retaining their title, the Junior High team made a fine show at the Hutchinson Invitational by placing second. Looking to the future, the coaches are especially pleased with the talent in the lower grades. They are sure these new boys will maintain the usual high St. Peter wrestling tradition.

TENNIS

With the exception of the only returning lettermen, this year's team was totally inexperienced. Working against these obstacles, Mr. Sipes feels the players have made a fine showing. The fact that this year's record is down does not dampen Mr. Sipe's enthusiasm. The increased participation in the lower grades promises good teams in the coming future.

GOLF

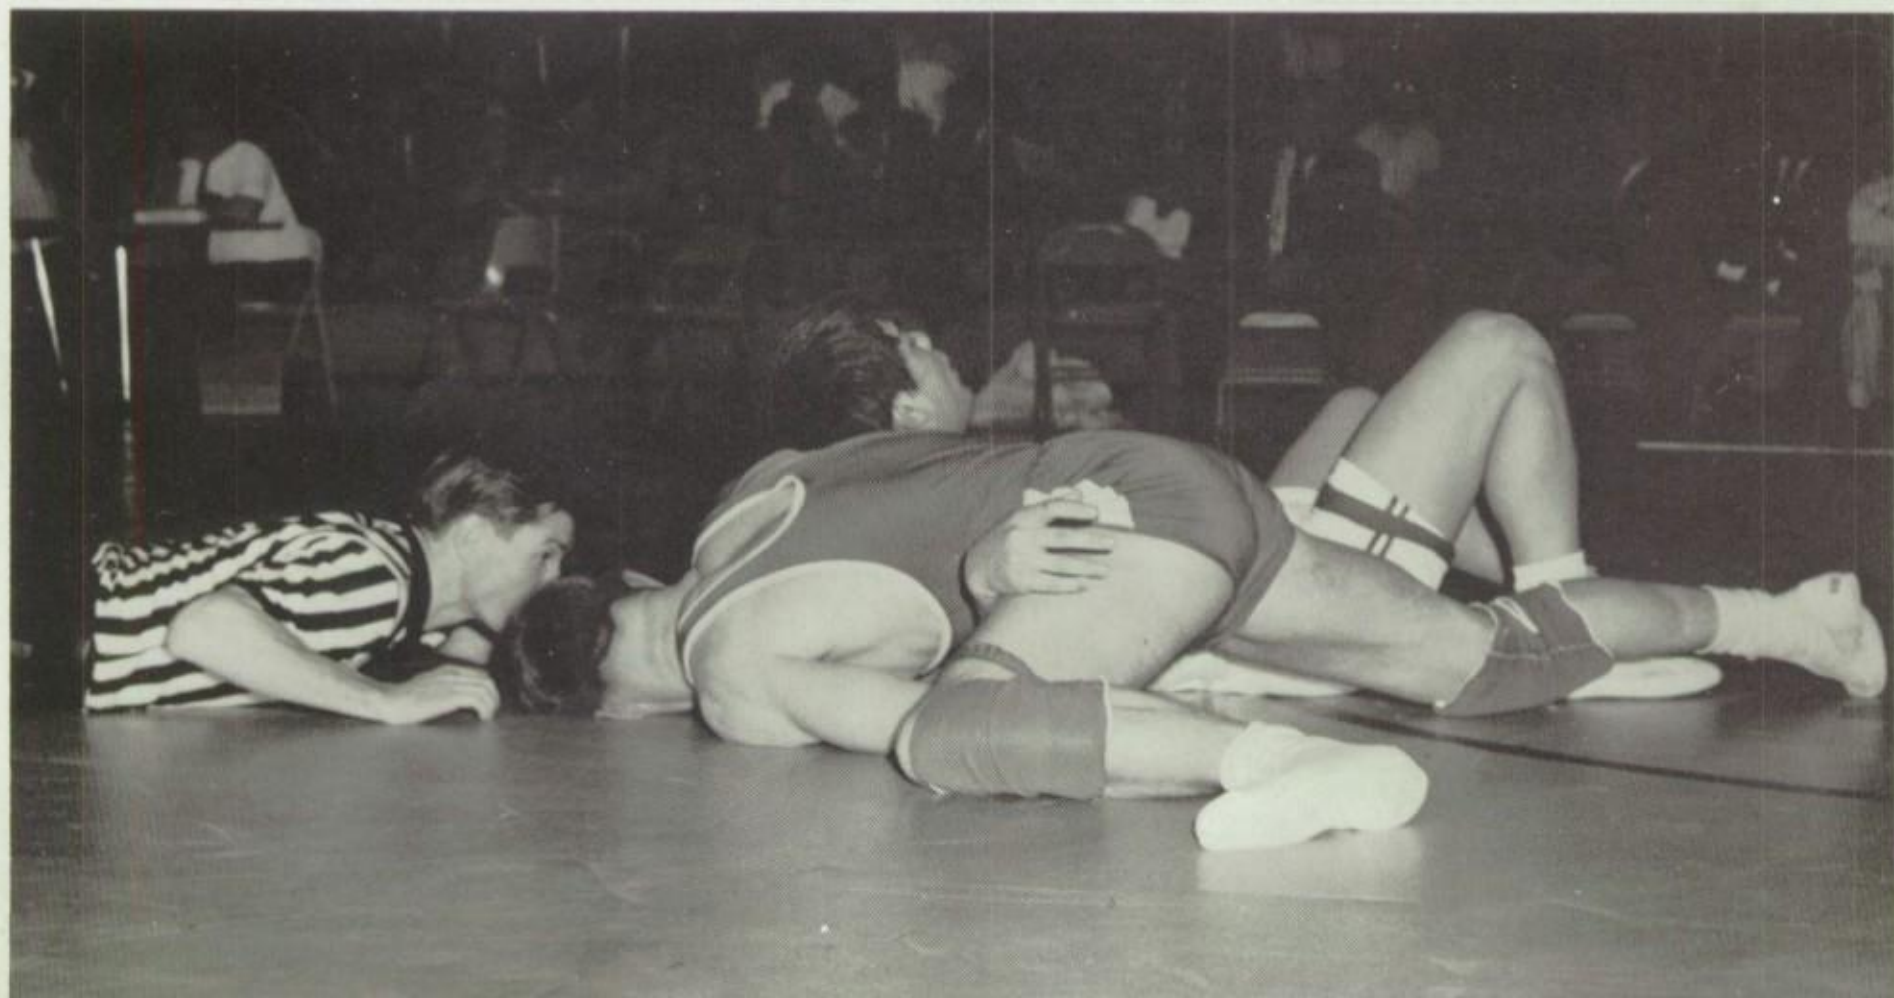

The golf team, under the watchful eye of Mr. Aanonsen, has again shown outstanding quality and precision. The 12-1 record of the team illustrates the high capabilities of its members. This fine record together with the South Central Conference title stand for true sportsmanship and athletic achievement. Although he is losing Ken Headlee, Roger Menk, and Brad Burch, Mr. Aanonsen feels the underclassmen's talent will overcome the loss.

STUDENT COUNCIL

This year the Student Council set its goals high. Some were attained, some will be achieved in the near future, others have failed. Once again the Council did an excellent job on Homecoming. It worked the most diligently for the AFS by sponsoring a Talent Show, the Penny Drive, and assisting in the Adult AFS Candy Drive. The most important achievement was a Spring Workshop to discuss school and Student Council problems and responsibilities. About thirty schools were invited. The Council also sponsored a Computer Dance for the senior high. The 1966-67 Student Council can be really proud of its achievements.

LETTERMEN

Each boy who earns a letter at St. Peter High, becomes a member of the Lettermen's Club. Its purpose is to promote the highest degree of sportsmanship, to cooperate with the school in helping carry out the school's functions and objectives, to cooperate with coaches to see that the rules of the school are carried out, and to promote unity and fellowship among all athletic participants.

BAND

The band under the direction of Roger L. Sorenson spent many long and difficult hours of work on their music, but all were greatly rewarded. The band represented St. Peter on many occasions. It traveled to Mankato, Burnsville, and participated in the District and Regional festivals. In addition, it presented three public concerts.

Girls Sextet

Choir has been designed for those students wishing to express themselves musically. This year the choir did an outstanding job under the direction of Ronald Brasseur. It represented St. Peter at both the District and Regional Festivals and it presented a Christmas and a Spring concert.

SENIOR CLASS PLAY

THE CRUCIBLE

This year's Senior Class Play, *THE CRUCIBLE* by Arthur Miller, offered a challenge to all the members of the cast. It depicted the Salem witchcraft trials and the love, sorrow, suffering, and evil that went with them. The results of hours of practice and hard work gave an evening of enjoyment to all those who saw the play, and personal satisfaction to the performers.

LIBRARY CLUB

The LIBRARY CLUB, supervised by Mrs. Turittin, consisted of fourteen members. The members of the LIBRARY CLUB shelved wayward books, attempted to find magazines and maintained discipline in the library. During the year the LIBRARY CLUB presented a Book Fair for the teachers, sponsored a Game Night for all students and co-sponsored the computer dance. For their annual trip the LIBRARY CLUB traveled to the Cities and viewed "A Man For All Seasons."

Budding biologists, chemists and photographers, have a chance, every few weeks, to try out new theories or mutilate old ones. The biology room, under the supervision of Mr. Kurseth, is well equipped with microscopes and dissecting tools. If you are interested in life processes and nature this is the department for you. The chemistry room, su-

pervised by Mr. Dierks, is for those more interested in chemical reactions or physical properties of matter. If you prefer burned fingers to the smell of formaldehyde, this is the room for you. The seldom seen and seldom heard members of Science Club congregate in the darkroom. If you're wild about developing fluid, negatives and enlargers you will fit in well with this group.

SENIOR MEMBERS

GAA

Tuesday night saw the Senior High girls show off their muscular ability or one of their many other physical talents. This year the girls were active in volleyball, bowling, swimming, and basketball. GAA turned out to be a huge success even though there were a few squished noses, broken fingers, and sprained ankles. But to the girls it is a time when they can participate in some particular sport they enjoy.

HIGHLIGHTS

The Big Moment

HOMECOMING

Vicki Anderson reigned over Homecoming 1966. The Student Council worked hard to make it a huge success. The pep rally was highlighted by the burning of a St. James "Jimmie." The coronation included musical presentations by the choir and band, and the greatly anticipated crowning of the new queen by Student Council president John McClellan. Spirits were high after defeating the "Jimmies" 35 to 18 and a good time was had by all at the dance.

PROM

After much talk about changing the prom, the junior class of 1967 did change it. The banquet was altered by having it open to all juniors and seniors on an informal basis. Transportation to and from the Gustavus Adolphus Dining Room was provided by the students themselves. The remaining part of the night stayed the same as other years. The Juniors worked busily for weeks designing and decorating the gym, for an evening of "Cinderella." Michael's Mystics provided the music for all to dance. Following the dance, an After-Prom was held at the Shoreland Country Club. This story of Cinderella will live happily ever after in the minds of many.
